

egocabs - where to find us!

Leicester's city centre is quite a big area for our riders to cover, so we've decided to operate our vehicles on route-based service. This means that if you want to enjoy a free inner-city journey in one of our egocabs, you'll have to wait at an 'ego-stop' – pick up/drop off zone.

During the first 6 months, we may change our 'ego-stop' locations, whilst we try different routes, ensuring the most efficient service possible. Unfortunately, there will be no permanent street signage, however, updates or changes will be detailed on our website www.egocabs.com or via leaflets/flyers and local media (Newspaper, TV & Radio). The below map, shows our anticipated 'ego-stop' locations.

Remember, our egocabs are totally FREE to all passengers within the City centre, so don't forget to tell your friends and family! All we ask for in return for the great service that we provide, is for you to treat our riders kindly – no swearing, no abuse and no violence.
